Charitable Gift Annuities: Helping your clients today, and our community tomorrow.

[Charitable gift annuities](#) can provide income for your client today and support those organizations he/she cares about forever and ever.

Highlights:

- Through a charitable gift annuity, your client arranges to receive lifetime income with the remainder going to the Community Foundation for charitable purposes.
- Your client may name a new fund, an existing fund, or a specific group or organization to ultimately benefit from the gift annuity with the Community Foundation.
- Your client can fund the annuity with cash, appreciated stocks, or other assets.
- Your client will receive an immediate charitable tax deduction and some of the lifetime income he/she receives is not taxed.
- A charitable gift annuity is a simple contract between your client and the Community Foundation that is easy to set up.
- Your client must be at least 60 years old and charitably inclined!

Please [click here](#) for more information about our fund minimums.

Your client can give like Grayce Shenberger who established a charitable gift annuity with York County Community Foundation. Several charities including York County SPCA, Martin Library, and York Little theatre will all receive distributions after her lifetime from the endowment which will be named the Bob and Grayce Shenberger Fund.
