York County Community Foundation Meets National Standards for Quality!

At [York County Community Foundation](#), we have worked hard to become a trusted community partner.

And so we're proud to share with you that the Community Foundation has met the nation's [highest philanthropic standards](#) for operational quality, integrity and accountability, akin to the philanthropic world's Good Housekeeping Seal of Approval. The notice comes from the Council on Foundations, a national professional association based in Washington, D.C.

"When people make a charitable bequest, establish a fund or set up an annuity, they are putting their trust in us," said Susan Barry, president of the Community Foundation. "They are counting on us to manage the investment wisely, honor their charitable wishes and, in some cases, provide lifetime income to a loved one. The National Standards confirmation says our house is in order."

The National Standards for U.S. Community Foundations Program requires community foundations to document their policies for donor services, investments, grantmaking and administration.
